

EC Declaration of Conformity

We Kemppi Oy at address below declare under our sole responsibility that when placing on the market pre-charged equipment, which we import to the Union, the hydrofluorocarbons contained in that equipment are accounted for within the quota system referred to in Chapter IV of Regulation (EU) 2024/573 on fluorinated greenhouse gases of the European Parliament and the Council as:

☒ A	We hold authorizations for the use of the quota, or delegated authorizations. Such authorizations or delegated authorizations were received in accordance with Article 21(2) and (3), respectively, of Regulation (EU) 2024/573 after they had been recorded in the F-gas Portal referred to in Article 20 of that Regulation and cover the full quantity of hydrofluorocarbons contained in the product or equipment to be released for free circulation.
☐ B	The hydrofluorocarbons contained in the product or equipment have been placed on the market in the Union, subsequently exported and charged into the product or equipment outside the Union, and the undertaking that placed the hydrofluorocarbons on the market in the Union made a declaration stating that the quantity of hydrofluorocarbons has been or will be reported as placed on the market in the Union and that it has not been and will not be reported as direct supply for export in the meaning of Article 16(2), point (c), of Regulation (EU) 2024/573 pursuant to Article 26 of Regulation (EU) 2024/573.
☐ C	The hydrofluorocarbons charged into the product or equipment were placed on the market by a producer or importer of hydrofluorocarbons subject to Article 16[(1) of Regulation (EU) 2024/573; or [for products or equipment imported into the Union] the product or equipment and the hydrofluorocarbons contained therein had been placed on the Union market previously and the product or equipment was exported together with the hydrofluorocarbons contained therein.
